DRY CLEANING

For the purpose of this document, the definition of "dry cleaning" shall be the process of cleaning a garment or other textile item by means of a liquid solvent other than water. This process is commonly known as "dry cleaning" and is distinguished from other cleaning methods by the use of a liquid solvent other than water. The term "dry cleaning" shall include the use of any liquid solvent, whether or not it is a petroleum-based solvent, for the purpose of cleaning a garment or other textile item.
