

Covid 19 Awareness

The academic activity worldwide is badly hit by the new pandemic COVID-19. The college IQAC and the Department of Botany has organized an international webinar with Dr. Johnson, professor of general medicine in London. He enlightened the audience on various issues related to the COVID infections, treatments and precautions to be taken on. The Department of Physical Education conducted a webinar on Yoga and Wellness which explained how yoga can help maintain physical fitness and acquire immunity for COVID 19 infection. RTPCR test were done for all the students and staff. A free Vaccination Camp is conducted in college with the help of Municipal Authorities. Wearing mask was made compulsory for all the students and staff. The college NSS units enlightened the staff and the students on various measures to be taken to be safe and prevent the spread of virus.

Andhra Christian College, Guntur
